Medical Director

June 2nd, 2020

To Our Residents, Resident Representatives and Family Members:

We want to thank all of you for your support and prayers through the COVID- 19 pandemic. We are continually evaluating our processes to ensure our residents are cared for in a safe and healthy environment.

As of today, we have the following:

Positive diagnosis for COVID-19:

Residents within the facility – 0

Residents outside the facility - 1

Staff- 1 new staff member as of 5/30/2020

of residents and staff with COVID symptoms within the last 72 hours - none

We understand the anxiety and uncertainty that both our families and residents are encountering as the community begins to reopen. We are closely watching the number of COVID cases within the community. As the cases begin to trend downwards, we will begin to be able to slowly loosen up some of the restrictions for the residents which would include allowing the residents to go outside and to spend more time out of their rooms.

In the meantime, the entire care team is finding unique and fun ways to engage our residents. Some of the activities include theme weeks, special snacks, exercise bingo, music, and crafts. We are striving to maintain both the physical and mental health of our residents and your loved ones!

Stay well,

DCHC Administration
