June 11th, 2020

To Our Residents, Resident Representatives and Family Members:

We want to thank all of you for your support and prayers through the COVID- 19 pandemic. We are continually evaluating our processes to ensure our residents are cared for in a safe and healthy environment.

**As of today, we have the following:**

**Positive diagnosis for COVID-19:**

**Residents within the facility – 0**

**Residents outside the facility – 0**

**Staff- 1 new staff member as of 6/10/20- Community acquired**

**# of residents and staff with COVID symptoms within the last 72 hours – 2**

We are continuing to watch the spread of the Covid-19 virus in the community. Once we see cases trending downwards and we have no new cases in the facility, we have been working on a reopening plan. Our first goals would be to have small groups in the dining rooms for meals and activities and to be able take the residents to the courtyards. We are not there yet, but we are working on the logistics of obtaining these goals for the residents.

We will be sending out another family newsletter later this month with some additional information.

Stay well,

DCHC Administration
