Family Values

At Pleasant Pointe, family values drive everything we do. Our independent facility is family-owned and operated. Our administrator, Teresa Morris, is the 3rd generation operator.

She's a nurse – but her passion goes deeper. She spent countless hours of her childhood by her parents' side talking to and enjoying the company of residents. It's in her heart.

That's why we respect the decision you have to make. Let's talk so we can understand what's important to your family. Together, we can make your transition to Assisted Living a positive experience.

"I think part of the reason Pleasant Pointe is excellent is because it is a family-owned operation. It's not a big chain nursing home. I highly recommend it."
