Our Commitment to Exceptional Care

With a solid foundation of comprehensive skilled nursing services, we are committed to delivering the highest quality care.

- We offer Registered Nurse coverage 24 hours a day providing peace of mind knowing that highly skilled nursing care is accessible around the clock.
- Our ability to care for highly complex medical conditions enables patients to be discharged from the hospital sooner to heal and recover in a more comfortable setting.
- With our low re-hospitalization rates, our patients are less likely to return to the hospital during their recovery.
- By continually expanding and enhancing our services, we are prepared to meet evolving healthcare needs.

What is Therapy?

Road to Recovery with Rehabilitation and Therapy

For patients recovering from an injury, illness or surgery, we provide comprehensive in-patient and out patient therapy with Premier Therapy. **We offer therapy 7 days a week!**

- Outstanding Physical, Occupational and Speech Therapy enable you to return home in the shortest possible time.
- Cutting-edge rehabilitation equipment and technology enhance the patient recovery process.
- Our **Road to Recovery Program** imitates real-life situations with the help of specially designed therapy spaces in our therapy wing, including a home-like setting and a real car.
