

For the Love of Birds

Many have heard of the Audubon Society and know it as an environmental organization dedicated to studying and preserving birds and their natural habitats. The organization is named after John James Audubon, the French American painter of birds who dedicated his life to his unique art. His birthday, April 26, is now celebrated as Audubon Day.

Audubon showed an affinity for birds starting in childhood. He spent hours roaming the countryside, collecting birds' nests and eggs, and drawing them once he returned home. Audubon's father was a sailor and hoped his son would join the navy, so John James went to military school. However, he suffered from seasickness and so returned to the woods.

In 1803, the Napoleonic Wars broke out in France. Audubon's father obtained a fake passport and sent John James to America to avoid the war. It was at his family's farm in Pennsylvania that Audubon devoted himself full-time to the outdoors: hunting, fishing, and drawing birds.

Audubon was obsessed with birds. In an effort to study their habits, he tied string around their legs to see if they returned year after year. He learned the art of taxidermy and worked in natural museums. But his greatest contribution to ornithology was his brilliant book *Birds of America*. He dedicated his life to drawing every single bird in America. His style was new and different: a highly detailed drawing of each bird, more accurate than ever before. His drawings were life-sized, with some pages over three feet tall and two feet wide. After 14 years of traveling the entire country, Audubon drew over 700 species of birds. *Birds of America* is often considered the greatest picture book ever made, and original copies have sold for over \$10 million. How's that for a nest egg?

Major League Debut

On April 15, 1947, Jackie Robinson played his first major league baseball game with the Brooklyn Dodgers against the Boston Braves in front of a crowd of 25,000 spectators at Ebbets Field in Brooklyn. This marked the first moment that an African

American athlete played a sport in any of the major leagues.

Robinson did not get a hit that day, but he was awarded the first ever Rookie of the Year title that year. In 1949, he was named the National League's Most Valuable Player. The next year, he became the Dodgers' highest paid player with a salary of \$35,000. In 1955, Robinson led the Dodgers to a World Series victory over the New York Yankees. A perennial All-Star and Hall of Famer, Robinson's number 42 was retired by all of baseball on April 15, 1997.

Tartan Tales

Scottish American Heritage Month is a time to don kilts, hum to the tunes of bagpipes, and celebrate the rich tapestry woven by Scottish immigrants in the fabric of American history. Rewind to the 17th and 18th centuries, and picture the adventurous Scots sailing across the Atlantic to the promising landscapes of Canada and the United States. They sought refuge from religious persecution, economic hardships, and land scarcity. Political unrest, coupled with the promise of religious freedom and better prospects, were incentives for many Scots to pursue a fresh start in the New World.

The spirited settlers didn't just plant their flags; they wove their culture into the fabric of their new homes. From Nova Scotia to North Carolina, they created communities that echoed the hills of Scotland. They didn't leave behind their love for haggis or the skirl of bagpipes; they infused these traditions into the heartbeat of American culture.

Fast forward to today, and you'll find echoes of Scottish influence in the very fiber of America. From the lilt of folk tunes to the thunder of athletes at Highland Games, their legacy lives on. The haunting, soulful whine of the bagpipes and the swirl of the tartans evoke a sense of kinship, reminding us of the indelible mark left by these pioneers.

Scottish American Heritage Month isn't just a nod to history; it's a celebration of resilience, tradition, and the merging of cultures. From their stories of fortitude to their rich cultural contributions, their legacy transcends time, resonating in the essence of the American spirit. This April, don your tartan, strike up the bagpipes, and celebrate the remarkable journey and enduring impact of the Scottish Americans who made this land their own. Raise a dram of whisky (or your favorite beverage) to salute the spirited Scots who helped shape America. Cheers to a heritage as rich and diverse as the Scottish landscape itself!
