

ALL STAFF/FAMILIES/RESIDENT ALERT: We have been notified of a ***positive staff*** case of COVID-19 in our building, this is in addition to the presumptive positive resident case. Please know that we are taking all precautions to stop the spread of this virus. We are currently conducting contact tracing related to potential exposure and screening all staff at the beginning and end of shifts per guidelines.

At this time our facility will now become a facility listed as an outbreak facility on the Minnesota Department of Health website. This information is updated weekly and you may not see our name on this list until next week.

Our priority is to keep everyone safe and healthy and have open, honest communication about our status. We are working in collaboration with the Minnesota Department of Health to ensure we are taking all appropriate steps at this time.

Thank you for your patience and understanding during this difficult time.

Sincerely,

Mark Rust and Kendra Hiles
